	Student Debt	Student financial debt related to a student's post-secondary education can be viewed in the National Student Loan Data System. Work with the financial aid office to gather the data. Focus on student debt related to federal loans. **All student debt calculations should be aggregate data for that cohort. Programs with less than 10 students in a cohort may leave these answers blank and indicate no data is provided due to ten or less graduating students.**
14	Average student debt accumulated during the PTA program	1858.56
15	Average total student debt upon completion of the PTA program	1858.56
