

PHLEBOTOMY

CERTIFICATE PROGRAM

The Phlebotomist facilitates the collection and transport of blood and other laboratory specimens and is often the patient's only contact with medical laboratory. 70% of all diagnoses involve laboratory specimens.

"I am so glad that I chose to take the Phlebotomy program at KVCC. This program has challenged me and changed my life in ways I never thought possible. It has helped me grow into a better person and given me a solid foundation with which to build upon. I learned that I can achieve my goals and overcome my fears all while helping others. I am extremely proud of myself and my choice. Thank you KVCC!"

"Phlebotomy is a great pathway to other medical careers, such as Medical Assistant, Nurse, or Medical Laboratory Technician."

Become a Skilled Phlebotomist

What Phlebotomy graduates do:

- Apply anatomy knowledge
- Interact compassionately with patients
