

## DRILLING ASSISTANT TECH

Summit Geoengineering Services, Inc. (SGS) is seeking a fulltime (M-F) **'Drilling Assistant Tech'** for our 64 Augusta Road, Washington, ME shop. **For the right candidate, this job offers ample opportunity to advance in becoming a full-time Driller.** We are interested in candidates who are hard-working, physically capable, committed people that are safety conscious, mechanically inclined, and team oriented.

*SGS provides an exciting and challenging work environment fostering a culture that is collaborative, team focused, respectful, transparent and committed. All new employees are mentored, starting on straight forward, relatively simple projects so they can get a feel for how we operate at SGS. More complicated projects will be assigned as one develops competency in their field.*

### Job Details

- **Salary range: \$22.00 - \$35.00/hour – based on experience**
- Work will be:
  - Assisting SGS Drillers in field operations; learning drilling methodologies for test borings and excavation of test pits; carrying out basic maintenance of tools and equipment, housekeeping, performing basic measurement and calculations, carrying out basic operator maintenance, complete pre-start checks, and refilling fuel.
  - For projects largely in Maine with infrequent trips within New England, including occasional company paid over-night stays required.
  - Predominately year-round outdoors, active, and extremely dynamic.
  - Monitoring a safe workplace, maintain workplace safety and apply risk management processes for elimination of work-related injuries, damage to equipment and incident-related lost time.

### Qualifications

- Preferred Training (but will work with the right candidate):
  - Drilling, Mechanic and/or welding skills
  - Ability to obtain CDL Class A license (required for advancement
  - OSHA Construction 10-hour safety training
  - OSHA HAZWOPER 40-hour safety training
- Self-motivated to learn new skills for advancement as a driller
- Willingness to travel within Maine and occasionally New England
- Reliable to handle a variable schedule and range of outdoor work environments
- Mechanical aptitude and problem-solving abilities are important
- Be physically fit

### Benefits

- Health Insurance – employer fully paid for Single Plan, employee covers spouse and dependents
- Retirement Plan with company 3% match
- 6 Paid Holidays
- 10 days' Vacation and 5 days' Sick – accrued per paycheck
- Additional week of Christmas to New Year off
- Optional Dental Plan, Disability and Life Insurance to be available
- Field work shirts provided
- 1/2 Tuition and Books Reimbursed

SGS follows all CDC recommended COVID-19 rulings.
