Builder, Level I

Responsibilities

The Level I Builder assists with various construction jobs and repairs. This Builder also ensures projects meet company standards while complying with safety rules and regulations.

Job Duties

- Builds basic fence styles to Company standards with minimal assistance
- Takes initiative: motivates self and those around him/her
- Grasps importance of accurate recording of material usage
- Stacks, stages, and labels jobs properly
- Consistent, self-driven Level I performers progress toward position of Level II Builder as opportunities arise

Skills and Qualifications

- Excels in knowledge base/responsibilities of Builders' Assistant
- Demonstrates ability to read breakdowns/material orders
- Works well with others and is adaptable without negative feedback
- Tools Required:
 - o Tape Measure
 - o Pencil
 - o Hammer
 - o Small Prybar
 - o Combination Square
 - o Utility Knife
