## Occupational Therapy Assistant Program

### Job Shadow

The Occupational Therapy Assistant Program at Kennebec Valley Community College teaches professionalism, and technical skills. This course of study requires a strong personal commitment from each student. All applicants must be aware of the practice of Occupational Therapy in order to make this educational commitment. Applicants fulfill this knowledge requirement through job shadowing.

Applicants are required to observe at least (2) hours in an Occupational Therapy setting, this should be with either an Occupational Therapist or Occupational Therapy Assistant. Applicants must submit an essay that describes the OT observation experience. This essay should include a personal definition of Occupational Therapy, the reflection of the observation experience, and reason why you are choosing the career of an Occupational Therapy Assistant.

Each applicant must observe a job shadow to successfully complete the requirement.

1. Visit a setting from the recommended list below (job shadow must be at least two (2) hours).
2. **OR** - (2) ZOOM Interviews with a practicing OT or OTA.
3. **AND** - YouTube Link - <https://youtu.be/jwwOXILYQ4Q> (required in combination of completing option #1 or #2).

***Proper documentation is required from all job shadows.***

## Notice to Applicant

### **Criminal Background Checks**

Applicants to certain programs need to note that a criminal background check will likely be required while enrolled in the program or as a condition of employment in the field. Certain internship and/or practicum sites, such as health care facilities, may limit or deny clinical privileges to those students who have a prior or current criminal record.

- Should a clinical facility refuse to permit a student to complete a clinical rotation based upon the student's criminal background check, the student may not be able to complete the program. In the event a student is denied placement at a clinical site the college will likely be required to enter an academic dismissal from the program.
- Additionally, certain licensing and credentialing boards may refuse to issue a license to practice based upon prior or current criminal offense (s). To learn more about whether the program or profession in which you are interested has such requirements or limitations, contact the appropriate Department Chair.

### **Infectious Diseases**

Applicants who consider a career in Nursing or the Allied Health professions should be aware that during their education and subsequent employment, they will be working in situations where exposure to infectious diseases is probable. This is an occupational risk for all health care workers. Persons should not become health care workers unless they recognize and accept this risk. Proper education and strict adherence to well-established infection control guidelines, however, can reduce the risk to a minimum. Thorough education in infection control procedures is an integral part of each health care program.

### **Exposure to Latex**

Additionally, applicants should be aware that exposure to natural rubber latex (NRL) is likely. Individuals exposed to NRL products may develop allergic reactions such as skin rashes; hives; nasal, eyes, or sinus symptoms; and, rarely, shock.

### **Costs**

Costs associated with required immunizations, criminal background checks, finger printing (when applicable) and admission testing are the responsibility of the applicant.

### **Clinical/Fieldwork Placement**

Students may be scheduled for day, evening and night clinical/fieldwork experiences in some programs. It is expected that the student is able to make the necessary arrangements in order to complete all scheduled times. Placement is State-wide. The student is responsible for all travel and/or living related to the clinical or fieldwork experience.

KVCC is an equal opportunity affirmative action institution and employer.  
For more information, contact the Dean of Students at (207) 453-5019.
