

BUSINESS ADMINISTRATION

ASSOCIATE IN APPLIED SCIENCE DEGREE PROGRAM AND GENERAL BUSINESS CERTIFICATE

**Preparing tomorrow's
business leaders today**

Strong businesses are the lifeblood of any healthy economy. Entrepreneurs and employees with a solid understanding of business principles, digital technology, and interpersonal (soft) skills are more successful now than ever. Our Business Administration program will allow you to develop your creativity and talents in leadership, marketing, management, human resources, accounting, and technology.

Accredited by the Accreditation Council for Business Schools and Programs, 7007 College Boulevard, Suite 240, Overland Park, KS 66211

“When I entered KVCC’s Business program, I was not sure what ‘business’ was even about. Now I want to learn even more. The world is complicated and interesting, and business is everywhere. I plan to get my 4-year degree next, and then I will have the knowledge to open my own business with confidence.”

What Business Administration graduates do:

- Develop marketing tools
- Develop business plans
- Operate small businesses
- Interpret & analyze financial data
- Assist in management decision-making
- Attend four-year institutions

Career Opportunities:

- Banking
- Insurance
- Marketing
- Retail
- Sales
- Non-Profit Agencies
- Office Administration
- Family/Small Business
- Government Agencies
- Entry-Level Management

BUSINESS ADMINISTRATION

Associate in Applied Science Degree

DESCRIPTION

The Business Administration program provides a solid foundation of principles designed to prepare individuals for the business world. The program offers practical, marketable skills while also developing an understanding of business theory. The curriculum is perfectly designed to enhance one's skills to enter or advance within his/her career or for the individual who is interested in exploring his/her entrepreneurial spirit. Besides providing training for employment, the program prepares students to continue their education at a four-year college or university. Transfer agreements with several colleges and universities ensure that graduates can transfer, as an advanced student, into a four-year program.

PROGRAM MISSION

The mission of the Business Administration program is to help the student develop marketable skills while providing the broader courses necessary to produce an "educated person." Along with professional training, the Business faculty will guide students toward realizing their personal and professional goals.

EDUCATIONAL OUTCOMES

Upon successful completion of the Business Administration program, the graduate is expected to:

1. Demonstrate effective business communication and interpersonal skills.
2. Analyze data to solve business-related problems.
3. Create a variety of business-related artifacts using appropriate technologies.
4. Evaluate alternatives to implement appropriate business practices and make sound decisions.
5. Demonstrate knowledge of business ethics and social responsibility.

COLLEGE ADMISSION

General admission guidelines can be found on [page 33](#) in the catalog.
