Is there a projected budget for this project.

Reply I

Budget information is not available currently.

Question II received January 5, 2024

Have you already analyzed potential reasons as to why you may have retention problems?

Reply II

Yes, we have analyzed the reasons; tools will provide predictive based information on these reasons and will allow us to better track students who may be of concern.

Question III received January 5, 2024

Have you considered combining multiple tools to accomplish what you are looking for?

Reply III

We are looking for one solution to monitor our students.
